THERAPY REALLY WORKS

RESTORING BALANCE.

FOX Restoring Balance is a true proactive, wellness-driven program, rather than a common illness-driven, reactive approach. Through communication with the nursing team on-site, adult day members may be identified as high fall risk by FOX using evidence-based functional outcome measures.

RESTORING LIFE.

FOX Restoring Life provides individuals with a unique stage-specific approach to dementia using prescribed interventions to increase the quality of daily interactions and manage the challenges that come with the diagnosis. We teach how to focus on what a person with dementia **can** do — not what they can't do.

Wellness

FOX Wellness is an integral component to the FOX4LIFE care continuum. Our fitness specialists specialize in older adult fitness, providing group exercise classes and personal fitness. This program is very much wellness-driven, not just to maintain but improve physical function.

PHYSICAL, OCCUPATIONAL, & SPEECH THERAPY.
FOX REHABILITATES LIVES.
